TECHNICAL SKILLS

Python	C Programming	AutoCAD
Web Development	Java	Scilab
Arduino	Web Designing	Matlab

SOFT SKILLS

Leadership	Team work	Time Management
------------	-----------	-----------------

PROFESSIONAL EXPERIENCE

FlutterFrog Software Solutions

2023 DEC- 2024 MAY

- At FlutterFrog Software Solutions, I led a team of five as a Web Application Developer. I managed project timelines, ensured client satisfaction, and developed web applications using Flutter. Notably, I contributed to an online directory app for BNI and YES Organization, focusing on member search and contact management. My leadership and technical skills ensured on-time, budget-friendly delivery while improving performance and user satisfaction.

Manatec Electronics Pvt Ltd

JUL 2024

- This internship provided me with invaluable experience and skills in the field of wheel alignment and automotive equipment. I gained a deep understanding of the principles and technologies involved, developed technical and analytical skills, and contributed to real-world projects that enhanced my knowledge and prepared me for a future career in automotive engineering and technology.

EDUCATION

St. Xavier's Catholic College of Engineering

Nov 2022 - Now

Bachelors in Electrical and Electronics Engineering
CGPA : 8.8
